Honey Charity Launch

Skyky Foundation Launches First Ever Honey Charity Fundraising

On Saturday, July 27th, Skyky Foundation launched its first ever Honey Charity Sale. The Charity Sale was created to fundraise for Skyky Foundation's Youth Programs (shown on the right), and to launch several other key clubs within the Foundation, the most notable being The Mother's Club.

The event kicked off with several passionate speeches from both the organizers (Echo Liu, Tinna Xu) and Co-organizers (Jaden Liu, Ryan Luk, Titan Li) of the event. Providing inspirational stories and insight to the foundation.

Writing and Story Creation

Music Performances

Language Learning

Then, the event featured "Brother Honey", the owner of the local Ontario Honey Farm, Royal Honey. Who explained in detail both the origins of the event's honey, being locally produced honey and the multitude of different flavours available at the event, including pure and blueberry flavoured honey.

The event finished off with Skyky Youth tasting the honey and distributing it to the attendees of the event.

Overall, the event provided a fun and enjoyable experience to everyone in attendance and provided a gathering place for Skyky members to talk and interactive.

- Jaden Liu, Director of Skyky Youth
